## Gallery Walk Post-Reading Q&A

Your group must now work together to accurately and clearly report on one of the pictures for the class. Your group will have three minutes to present your findings before the class, and one minute to field questions. Each member will be assessed in the rubric/checklist handed out before our presentation. You will not need to create a slide-show for this presentation

Our group chooses to give a presentation on picture number \_\_\_\_\_.

### **Part 1: Objective Summary (10 pts)**

Record a 5-8 sentence summary describing the picture. Think *who, what, when, where, and why*.
